A little information about RHS

# Link Crew First Day

- Each of you will be assigned two link crew students that will be your “mentor” for the year.
- They will have a locker near you and will be able to answer any questions you may have.
- On the first day freshmen, new students in grades 10-12, and link crew members are the only students who begin the day at 8:00am. You are given a tour, enjoy games and activities to get your nerves out.

# Semester and Daily Schedule

- The high school has moved to a Block Schedule
- Passing time is 5 minutes long
- We have 3 lunches A, B, C - based on the class you have for that block
- School time is 8:00am-2:50pm

# What is IB?

- Multi Years Programme - MYP for 9th and 10th grade

Grades

# Grades matter in high school

- What is your GPA?
- Why is it important?
- What is a college or university going to want to see?

# What Happens If You Get an “F”

- Begin with the end in mind.
- Grades “matter”
- Your transcript is a document that many folks (future employers, college admission officers, etc.) will be Very interested in
- What do you want them to see???
- If you get an “F,” you will need to repeat the class or make it up in night school or summer school.
- If you receive an “F” it stays on your transcript.
- Make sure to keep track of your grades and transcript. You don’t want to have to take a freshman level course as a senior.

# Materials: Registration Worksheets, Course Description Guide

- **The Course Registration Guide** will give you information on the Rockford High School graduation requirements and course descriptions.

## Online Student Course Selection Instructions

- 1) Go to the district website at [www.rockford.k12.il.us](http://www.rockford.k12.il.us).
- 2) Click on the Infinite Campus Portal icon
- 3) Login using the student's Username and Password (use your school password)
- 4) Use the QR Code below for a link to the registration instructions
- 5) Once complete, review your plan with a parent/ legal guardian and check the "Approved by parent/legal guardian" box at the top
- 5) SAVE your course plan
- 6) Remember to logout when finished

*\*Your course choices matter. We are basing our schedule on student demand. Courses that do not have enough interest will not be offered during the 2022-23 school year.*

### Class Change Requests

Students are encouraged to plan programs carefully. Once the registration process is complete, class change requests are discouraged, and in some cases, not possible after the initial registration.

# Online registration

- On the next slide is a video showing how to register for classes via Infinite Campus student portal. The first step will be to login to your account.

The screenshot shows the Infinite Campus login interface. At the top, the Infinite Campus logo is on the left, and the tagline "Transforming K12 Education®" is on the right. Below the logo, there are input fields for "Username" and "Password", followed by a blue "Sign In >>" button. To the right of the login fields, there is an orange "Campus Portal" button and the text "Rockford Area Schools". Below the login section, there is a "HELP" button with a dropdown arrow. The main content area is titled "District Announcements" and features a date "2012-09-24" and a large stylized "R" logo. The text below the logo states: "The Rockford Schools Parent Portal website is designed to provide timely information to parents with children enrolled in the school district. You can sign up in any school office to activate your account, please bring a photo ID with you, or send your request online below. Please allow up to 2 business days for your online request to be processed." Below this text are two links: "CLICK HERE if you do not have a parent portal account." and "CLICK HERE for portal support, forgot password/username or questions." At the bottom, it says: "If you meant to login to the Rockford website please visit: [www.rockford.k12.mn.us](http://www.rockford.k12.mn.us) Rockford Area Schools a Tradition of Excellence One Student at a time!"

# Online Registration Directions

The screenshot shows the Infinite Campus web interface. On the left is a dark grey sidebar menu with white text. The 'Academic Plan' item is highlighted in a lighter grey, and a large red arrow points to it from the left. The main content area has a light green header with the 'Infinite Campus' logo. Below the header, the 'Academic Plan' section is titled. It contains a dropdown menu for 'Choose an Academic Plan' with 'RHS Graduation Program (Graduation)' selected. Below this are two more dropdown menus: 'Post Grad Location' and 'Post Grad Plans'. A 'Next' button is located below the 'Post Grad Location' dropdown.

## How to Register:

- Review each subject for the upcoming grade you are registering for.
- Pre-filled courses with the lock icon are pre-determined based on teacher recommendation and cannot be changed during the registration process.
- For subjects where a course is not pre-filled, click within the box and a drop down list of available courses will appear. Select the course you wish to enroll in. If you select an “A” semester course, the “B” course will auto fill. If it does not, make sure to select the “B” semester course as well.
- If a course number is entered in error, click on the (x) by the course name to remove it.
- If a course is pre-filled, but not locked, you could elect to enroll in a different course than the pre-filled course by following these instructions:
  - Click the “x” next to the course name to delete the course
  - After the course is deleted, click in the box and a drop down list will appear of available courses. Select the course you wish to enroll in. If you select an “A” semester course, the “B” course will auto fill. If it does not, make sure to select the “B” semester course as well.

#### Course Description:

Grades: 9, 10, 11, 12  
1 Semester/1 Credit

Astronomy is the branch of science that deals with celestial objects, space, and the physical universe as a whole.

While not all topics in astronomy can be studied in-depth in one semester, selected topics will be presented in a thematic style. The topics in this elective course include but are not limited to the daytime sky, the nighttime sky, constellations, distances sizes and angles, stars and stellar evolution, along with galaxies and the universe.

# Online Registration FINAL STEPS!

You are finished when you have 14.0/14.0 credits at the top of the column AND the required credits from each subject area are met for your upcoming year. You only need to register for the upcoming school year. Students can make course selections for future years following the same procedures. These courses will be saved in their planner, but not locked in, and can be changed later.

Review your course plan with a parent/ guardian.

Click “Save” in the top menu bar. Remember, this will only “lock in” the courses you selected for the next academic year. You may print your Academic Plan by clicking on the printer icon at the top by “Course Plan Report”.

Congratulations! Your registration is complete.

**IMPORTANT:** Final Schedules are based on student demand. Courses that did not have enough interest may not be offered and you may be asked to select an alternative course. When schedules are released, if you have a “See Counselor” in one block instead of an actual course, you will need to see the Guidance Office to fill your schedule within the first 2 days of school. This can happen if courses you selected are full, do not fit in your schedule, or if not enough electives were selected during the registration process.
